Current #: LAS 09098
Course: Program Change: B.A. in Anthropology (Effective Spring 2010)
Proposal: Change in major program requirements, major program electives, and major
program total credit hours.
Comments: J. Delle was present to speak to this course. The Anthropology and Sociology

Department needs to eliminate two 1-credit hour lab courses; these will be replaced with a 3-credit hour experimental learning requirement, with a change in the number of general electives commensurate with the 120-credit hour maximum. To achieve flexibility in the program, the concomitant requirements (9 SH) will be dropped and the elective components will be expanded from 15 to 21, of which 12 SH must be taken at the 100-level or above. The major will thus carry 39 required credits and 21 elective credits for a total requirement of 60 rather than 62 credits.

It was moved by K. Kresge and seconded by M. Stewart to consider and approve this proposal as part of the block. MOTION PASSED.
